

**MASTER PLAN FOR ROADS AND DRAINAGE  
BRUCE COUNTY ROADS 25 AND 33  
NOTICE OF PROJECT INITIATION  
DISCRETIONARY PUBLIC INFORMATION CENTRE**

---

The County of Bruce as Proponent, with the Town of Saugeen Shores, is studying road and drainage alternatives in the area of Bruce County Roads 25 and 33 (BR25 & BR33), located centrally in Saugeen Shores, and is inviting interested members of the public to attend an Information Centre.

The County has identified various deficiencies with its road and drainage infrastructure within the Study Area. Through initial discussions with the Town, other related issues having a broader scope have emerged which the County wishes to consider at a Master Planning level to ensure individual projects are completed in context with an appropriate overall plan. The purpose of the Discretionary Public Information Centre is to describe the identified issues within the Study Area and to receive input from the public on the issues as well as potential alternative solutions.

Issues related to roads include deteriorated travelled surfaces, poor sight lines at the intersection of BR25 and BR33, and planned future intersections at Stickel, Bruce and Ridge Streets. Preliminary Alternatives for Road Works include; Do Nothing but resurfacing, Re-align the BR33 intersection with the future Ridge Street intersection, or Re-align the BR33 intersection with the future Bruce Street intersection.

Issues related to drainage include limited capacity along BR25, poor drainage through the Baker Subdivision, and inadequate drainage outlets within the Study Area. Preliminary Alternatives for Drainage works include; Do Nothing, Improve an outlet westerly on BR25 to Lake Huron, Divert flows from BR25 southerly along BR33 to a new constructed outlet westerly across Lot 26 to the existing Gore Drain outlet below Saugeen Beach Road, or Divert flows southerly along BR33 to the existing Gore Drain outlet below Lake Range Road (BR33)..

The Master Plan is being conducted under the **Municipal Class Environmental Assessment (EA)** project planning process and is intended to follow, as a minimum, Phases 1 and 2 of the EA Process, in support of Schedule B and/or Schedule C projects, which may be identified for implementation through the process.

As part of this process a Phase I – Discretionary **Public Information Centre** is planned at the Town of **Saugeen Shores Rotary Hall on October 7<sup>th</sup>, 2015 at 7:00 p.m. – 9:00 p.m.**, at which time project information will be displayed and the Project Team will be available for discussions.

The public is invited to provide written comments for incorporation into the planning considerations for this project. A future Public Information Centre, planned as part of the process, will be scheduled at a future date at which time a Problem / Opportunity Statement and Alternative Solutions will be more fully developed. Additional information is provided on the municipal web sites.
