

County of Bruce Notice of Public Information Centre # 2 Master Transportation Plan

The County of Bruce is undertaking a Master Transportation Plan (MTP) Study to create a safe and reliable transportation system within the County that meets the needs of all persons and businesses through creation of a vision for all modes of transportation. The Study will also focus on encouraging active transportation options (cycling, pedestrian travel) and improvements to transit or ride sharing/transportation demand management. The Study will identify alternative solutions to address transportation network constraints and opportunities, as well as required infrastructure improvements/expansions to ensure the continued safe and efficient movement of people and goods to beyond year 2035. This study will also form the basis to guide future transportation decisions for the development of streets and trails/paths to fully align with the County's vision and goals identified in the County's existing and ongoing plans/strategies.

The Study is being carried out in accordance with the Phase 1 and 2 of the master plan process outlined in the *Municipal Class Environmental Assessment* (October 2000, as amended in 2007 and 2011), which is approved under the Ontario Environmental Assessment Act.

We heard your comments from the first Public Information Centre (PIC#1) held in September 2020 and encourage you to participate in this second PIC as your involvement is key to the success of the MTP Study.

The second on-line Public Information Centre (PIC #2) presentation and engagement material can be found at www.brucecounty.on.ca/transportation-master-plan from **April 30, 2021** until **May 21, 2021**.

If you or someone you know has issues accessing the presentation and engagement material or if you would like to be added to the Project Contact List, please contact either of the Project Team members below:
